

Using the Calendar View

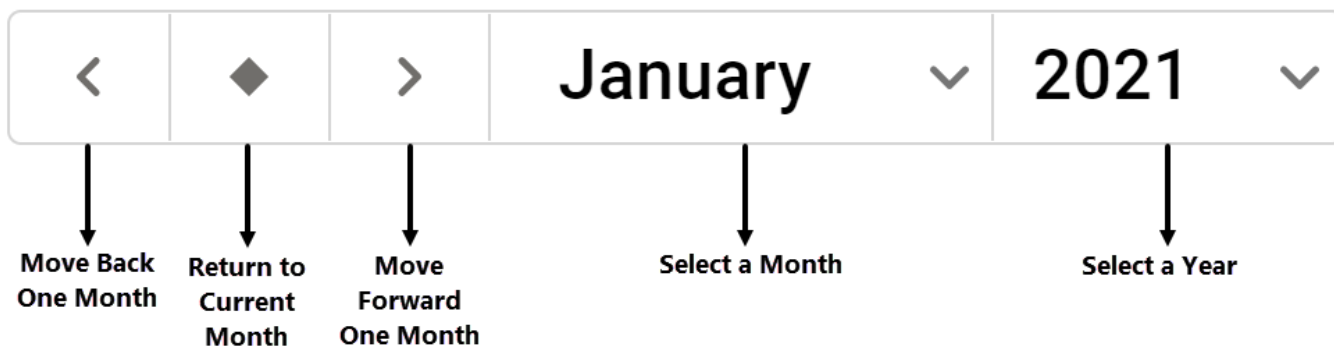

When you look at your transactions in **Quicken on the Web**, you have the option of viewing your transactions as a calendar.

To view your transactions as a calendar, select the  icon.

The first time you select **Calendar View**, you'll see a list of your accounts. Select the accounts you want to track on your calendar.

Navigating Calendar View

When you select **Calendar View**, you'll see your current month's calendar. To see a different month, use the controls at the top of the page.

Understanding Calendar Entries

Label	Type
Income	Existing or expected deposits to your accounts.
Expense	Your spending and bills.
Overdue	Bills that have not been marked as paid before their due date,
Transactions	Transactions involving transfers.
