

How do I register my Quicken software?

You must register Quicken to use Quicken Cloud services—online banking and investment transaction download, online bill pay, investment alerts, Quicken on your phone or tablet, and other features where information is shared between Quicken and the Quicken Cloud.

For information about registration and confidentiality, please read Quicken's [Privacy Statement](#).

1. Choose **Help** menu > **Register Quicken** (this menu item does not appear if you've already registered your Quicken software).
2. Enter your name and address.
3. Answer some general questions about Quicken and the kinds of financial tasks you plan on doing. (Optional)
 - **How are my answers used?**
Your answers to these questions will help us develop and improve our products.
4. Click **Register**.
5. Select the appropriate option:
 - **Sign in to your account**
If you've previously registered with [Quicken.com](#), enter your [Quicken.com](#) user ID and password, and then click **Sign In**.
 - **Create an account**
If you're not registered with [Quicken.com](#) and would like to do so, click **Continue** and then follow the onscreen instructions.
 - **Skip**
If you don't have a [Quicken.com](#) account and don't want to set one up at this time, click **Skip Quicken.com registration** (lower left), and then click **Finished**.
