

Quicken Bill Manager: How many payments can I make each month?

Not Available in Canada

This service is unavailable for users of our Canadian products.

Quicken Bill Manager comes with a set monthly allotment of payments you can make. The number of payments you can make does not reset at the first of the month, but instead on your monthly billing date, or your service anniversary day. If you want to identify this date, go to <https://www.quicken.com/my-account> and sign in. The service anniversary will be listed under **Active Until**.

Example: If your account says **Active until: Jul 15**, then your service anniversary is the 15th day of the month. Your bill quota resets on that date.

How can I see how many payments I have?

To check your remaining payments:

1. Go to the **Bills & Income** tab.
2. Click the **gear icon** in the upper-right corner.
3. Select **Payment Accounts**.
 - Your total allotted payments is listed as **Payments available this month**.
 - Your remaining payments can be seen under **Payments Remaining**.

If you feel you have reached your payment limit in error, please contact [Quicken Support](#).
